NONE

If offered, would you accept contributions from political action committees affiliated with the real estate industry? (RPAC, Buildpac etc.)

Yes after a conversation of course.

With crime being the #1 City Council priority, what solutions would you bring to the table and how would you fund them? As a former law enforcement officer for

8 years (3.5 years w/ Fayetteville P.D.) I would take advantage of processes already in place such as increasing relationships w/ communities, analyzing stats & reassign personnel to those areas.

What ideas do you have to make it easier to open and maintain a new business in Fayetteville?

Analyze current procedures for opening & maintaining a new business w/in the city. Find out why businesses are not staying & change or streamline processes, reducing red tape & lowering taxes is feasible

What are your solutions for homelessness?

work w/ local charities & churches to possibly create a solution, possibly look into a training program. Talk w/ homeless & find out why they are homeless.

Would you like the City of Fayetteville's seal changed?

Yes because the current seal has been used for a long time & changing the seal would be a symbolic gesture for transformation & reformation of Fayetteville moving forward.

What new ideas/concepts can you bring to the office you are seeking?

I'm a younger candidate & can hopefully relate w/ the younger population to get them involved w/ the community. Must be open to new ideas & change.
