County Candidate Questionnaire – Page 2

Responses on this page will be published on the LPR Government Affairs Page
for review by our members and the public

1. What NEW initiatives will you be working on once in office?

Business Opportunities
Education

2. What is the number 1 challenge facing the county? Is there a solution?

Jobs
Education improvements and a strong
business recruiting arm

3. There is a statewide issue with unmaintained roads in county neighborhoods recently referred to as "orphaned roads." A bill was introduced in the General Assembly two years ago but has not moved forward. What are your thoughts for solving this problem?

I am not familiar with "orphaned roads" but the last thing the counties need to do is get into road building. We have a good gas tax system with the state, they need to spend it where it is needed,

4. Tell us about yourself and why you choose to run for office?

I was born in Lee Co. I ran a business. I am pro business and we had an anti group at one time, not now, Lee Co. has started to move forward, I want to see it continued.

5. Would you accept REALTOR® Political Action Committee funds from our Association? Do you have an open campaign account?

yes.

Committee to Elect Harry Oldham
