2020 Candidate Questionnaire State Elections

How do you propose to get the North Carolina economy back on track after Covid-19 and prepare for the upcoming hurricane season?

We need to provide special stimulus money for small businesses.

If elected, what are your thoughts on passing a budget?

The current budget should be passed with a 5% increase for teachers.

Now that we almost have the private road NCDOT database, how would you prevent any new orphan roads from occurring?

I would stand firm in resisting orphan road funding! State gasoline tax revenue is now very low and we are facing huge DOT layoffs.

What do you think the General Assembly needs to be paying attention to next year?

Giving full attention to economic issues! The housing market simply must be revitalized. New home sales are suffering and this has to be addressed.

How can the State fast track broadband to rural areas?

The immediate solution is to increase Hot-Spot availability by continuing to use school buses in remote areas. Then a Public-Private partnership needs to be implemented to complete a state network.
