Longleaf Pine REALTORS®

Serving REALTORS in Eastern North Carolina since 1946

2020 Candidate Questionnaire State Elections

How do you propose to get the North Carolina economy back on track after Covid-19 and prepare for the upcoming hurricane season?

Prepare the local community and energize local businesses to begin Hurricane Season Planning & Community outreach sessions

If elected, what are your thoughts on passing a budget?

Passing and formalizing a balanced & fair budget that supports
① NC taxpayers, ② local business and ③ Educators is my first priority and second is to conduct a thorough review of existing laws and Acts that prevent NC from generating statewide revenue opportunities.

Now that we almost have the private road NCDOT database, how would you prevent any new orphan roads from occurring? This will be done through monthly and quarterly briefs to the designated Transportation and Planning Committee.

I will support and craft legislation that limits orphan road projects and ill-planned road construction.

What do you think the General Assembly needs to be paying attention to next year?

The NCGA needs to focus on:

1. Strict VOTER ID legislation
2. State Revenue Generation Projects
3. Craft legislation that sets conditions to support new business & population growth.

How can the State fast track broadband to rural areas?

Work with Communications Carriers and empower local industry to collaborate for rural area communication zone establishment & possibly re-purposing redundant communication networks/Towers to provide service by-proxy to rural areas. Second is to offer tax incentives to new carriers that are willing to build new rural networks across NC
