(910) 960-7765 cell

Question 1. Fayetteville has come a long way in recent years thanks to a community-wide effort to modernize our downtown and maintain our local public schools. This type of progress goes hand-in-hand with reducing criminal activity. A beautiful, safe city is walkable, with sidewalks that allow children to go to school and sports fans to bike, hike and play. I am committed to realizing the goal of a beautiful, safe Fayetteville for young families and retirees.

Question 2. I lead Revolutionary Coworking, a nonprofit workspace that has attracted 25 businesses and over 50 workers downtown since we launched in March 2017. Our City Council needs to work together to nurture a spirit of entrepreneurship by promoting investment in broadband and fiber internet. Making Fayetteville an inviting place to do business is the best way to ensure good jobs for Fayetteville residents.

Question 3. Quality of life is measured by our collective ability to provide opportunities to work and live in a community where everyone feels like they are valued. By utilizing our people, ideas, investments and natural resources wisely we can create an unparalleled quality of life for everyone in Fayetteville.

Question 4. I believe that one way we can bring more revenue into Fayetteville is by bringing more consumers to the area by investing in regional transportation. A safe and easy commuter train to Raleigh and other nearby cities would bring more people into the shops and restaurants and make it easier to access our new baseball stadium. More consumer dollars into our local businesses would mean greater revenue for the city without placing additional burdens on our homeowners.

Question 5. I believe that our City Council needs to work together to nurture a spirit of entrepreneurship by promoting investment in broadband and fiber internet, transit connections to other urban centers, and supporting angel investment, affordable health insurance, quality childcare, student business incubators and a thriving cultural arts scene. In addition to enhancing our quality of life these things will make investing in a home in Fayetteville more attractive to younger families.

Question 6. I have an open campaign account and I would be honored to receive the support of local realtors. Endorsements include EqualityNC and the Greater Sandhills Central Labor Council.
